

Maven Class VM Image

These 4 DVDs contain the VM Image for the upcoming Maven class on Oct 12-13, 2015

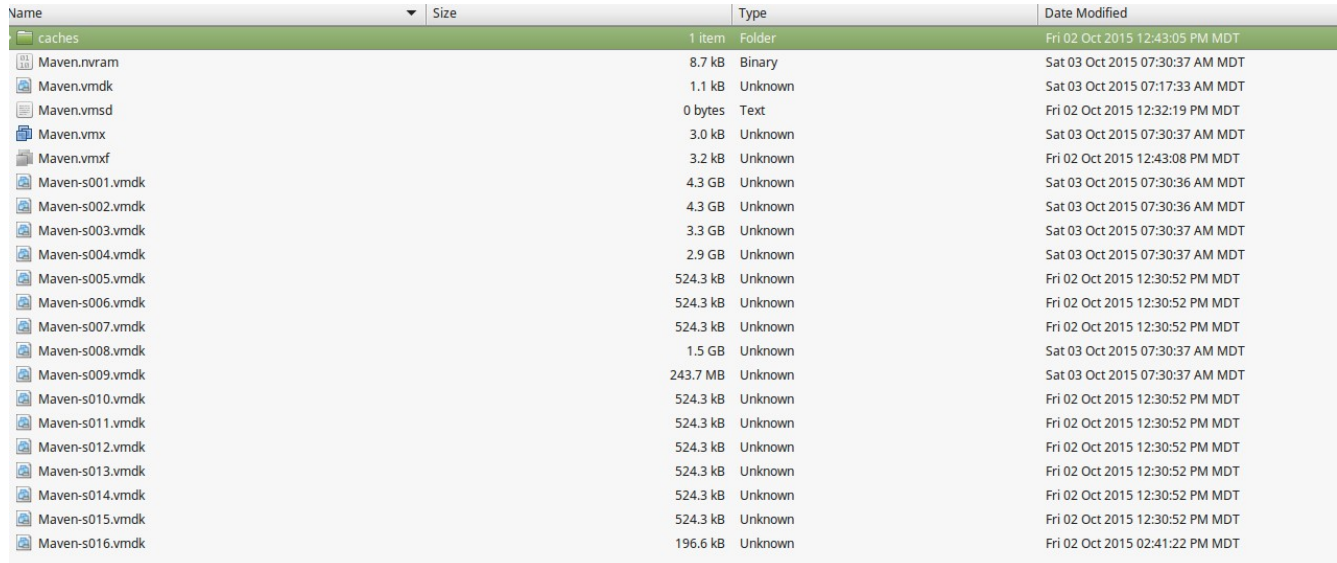

This VM Image was built with VM Workstation 11.1.0

It contains a Windows 7 image, with all the class files pre-installed.

The 4 DVDs contain the (unzipped) image files.

To use this VM Image:

- 1) Create a new folder (suggested name Maven Class)
- 2) Copy all of the DVDs into this folder, resulting in the following file structure
